DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: The prior art of the record fails to teach or suggest alone or in combination:

A method for estimating a channel impulse response in an ultra wide bandwidth (UWB) system comprising the steps of: modulating the training sequence at a chip rate to produce a modulated training sequence, the modulated training sequence, the modulated training sequence being comprised of ultra wide bandwidth radio pulses; sampling the received training signal, in parallel, with a set of correlators to obtain a plurality of samples, in which each correlator samples the received training signal at a sampling rate substantially slower than the chip rate, as recited in claim 1 and in combination with other steps of the claim.

Claims 1-12 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
